

Drinking Water Source Protection Plan

Timber Lakes Water Special Service District

System Number 26057

Lookout Mountain Spring

Source 04

1. Introduction

System Information:

Timber Lakes Water Special Service District

450 W 910 S Ste. 100

P.O. Box 579

Heber City, Utah 84032

(435) 654-0125

Source Information

Lookout Mountain Spring

Source #04

Designated Person

The designated person for Timber Lakes Water Special Service District is:

Jody Defa

450 W 910 S Ste. 100

P.O. Box 579

Heber City, Utah 84032

(435) 654-0125

2. Delineation Report

There are no changes to this section.

3. Inventory of Potential Contamination Sources (PCS) (incl. List, hazards, prioritization, location and map)

There are no changes to this section.

4. Assessment of PCS Hazards

There are no changes to this section.

5. Management of Existing Potential Contamination Sources

There are no changes to this section.

6. Management of Future Potential Contamination Sources

There are no changes to this section.

7. Implementation Schedule

There are no changes to this section.

8. Resource Evaluation

There are no changes to this section.

9. Recordkeeping Section

The system will keep records of the actions described in Section 5. These records will become the basis for providing updated Drinking Water Source Protection (DWSP) Plans to the Division of Drinking Water in the future, so it is important that actions related to source protection be recorded.

10. Contingency Plan

Updated and attached.

11. Public Notification

Previously approved by the Division, no changes.

12. Waivers

I, Jody Defa, Designated Person (per R309-600) for the Timber Lakes Water Special Service District, hereby state that none of the volatile organic chemicals and/or pesticides within the respective

parameter groups have been used in, disposed of, stored in, transported through, or manufactured within protection zones one, two or three (or within the management area, if applicable) in the last five years.
